ANNUAL REPORT OF SCHOOL BOARD

ANNUAL MEETING 1929.

The annual meeting of the Bedford School District was held at the Town Hall on Wednesday, March 6, 1929, at 2 P. M. The following officers were re-elected for the ensuing year:

Moderator, William Melendy.

Clerk of School District, Alice G. Fosher.

Treasurer, William S. Manning.

Mr. H. S. Wonson was elected a member of the school board for three years, and the town auditors were elected school auditors for the ensuing year. The district voted to adopt the budget of \$12,213.93 recommended by the school board and also voted the sum of \$375.00 for an auxiliary heater for the No. 6 School. After considerable debate the district also voted the sum of \$1,000.00 for the purchase of land for a consolidated school to serve districts Nos. 3, 4, 5 and 11.

The Medical Inspection Act was dismissed on recommendation of the school board.

THE SCHOOL YEAR.

At a meeting of the new school board held after the district meeting the board was organized for the year 1929-1930, with Mr. H. S. Wonson as chairman and Mrs. Bertha French as clerk.

At a meeting of the supervisory union held on May 15th at the home of Mr. A. J. McKelvie in Bedford, Mr. J. Byron

Tarney was again unanimously re-elected superintendent of schools in the union. The school board takes great pleasure in again thanking Mr. Tarney for his loyal, intelligent and efficient services to the Bedford school district.

The supervisory union also adopted the following school calendar for the school year 1929-1930:

Open Tuesday, September 3.	
September 3 to November 27,	12 weeks 2 days
Thanksgiving recess, November 28 and 29.	
December 2 to December 20,	3 weeks
Christmas vacation, December 20 to January 6.	
January 6 to March 21,	11 weeks
Vacation, March 21 to March 31.	
March 31 to June 13,	11 weeks
<hr/>	
Total,	37 weeks 2 days

ANNUAL REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Bedford:

Schools are in session this year in the Stevens-Buswell Building, No. 4, No. 6 and No. 11. There have been no changes in the teaching force, six teachers now being employed.

The enrollment at present is as follows: Stevens-Buswell, grammar 30, primary 31; No. 4, 31; No. 6, grammar 31, primary 24; No. 11, 26; a total of 173. Early in the year there were more pupils, but even with the loss of a few, the rooms are all now comfortably filled. It should be noted that no more rooms are available.

All that was said in last report in reference to the actual needs of a new building, to take care of the pupils from Nos. 3, 4, 5, 11, still holds. No. 4 is crowded and in cold days is difficult to heat. If this building is to be used even a few years more for school purposes, it will need a thorough renovating. The roof, window casings, sashes, ropes and locks, sanitary toilets, attention to ceilings and walls—all these will have to have repairs. But even if all this were done, involving considerable outlay, the fundamental trouble is still there—lack of room. No only so, the highway hazard would still remain. While No. 11 is in fair condition, it should be completely equipped with new seats and desks. Sanitary toilets are imperative at both Nos. 4 and 11. These items would require a thousand or so dollars, and the district would have one room still too small and which ought to be condemned because of its location on the D. W. Highway.

Last year money was voted to purchase and put in an "auxiliary" heater at No. 6 to take care of hall and toilet. This installation was made during the summer and a great change has resulted in securing not only safety from freezing of toilets and greater comfort in the halls, but in added comfort in the classrooms as well.

Health supervision under the direction of Dr. Snow of Manchester and the school nurse, Miss Edith Walker, has included the usual examinations, weighing and measuring—noting of underweights with "follow-up" suggestions—home visitation for suggestion or information or sometimes for "dressings." In addition to the work done in homes and schools, there are the advantages secured by access to and attendance upon the tuberculosis clinic, the skin clinic, the toxin-antitoxin clinics in Manchester, and also the securing of help through the Manchester District Nursing Association—carrying pupils in to Manchester for dental work, for which special arrangements have been made. The nurse has carried many pupils to town and home again, to specialists or hospitals or clinics or to the dentist, in order to get things taken care of. But with all this, now and then there is a case where eye difficulty should be remedied if the pupil is to do school work, or when dental work is needed, but because of financial inability at home these defects cannot be remedied. Hospitals, clinics and specialists have been splendid in helping out. But there is no money in the school budget for such needs as mentioned above. If the local Red Cross or local clubs stood ready to "take care" of occasional cases, it would be a genuine bit of co-operative service.

The school nurse has had charge of the four districts in this supervisory union, Bedford, Goffstown special district, Goffstown town and New Boston. Last fall it was suggested by the state office that the districts of Weare and Dunbarton be added for health supervision. After a time this was worked out, and after salary adjustments were made, Bedford's share was reduced \$75 from what it had been for a few years.

Last June fourteen pupils were graduated from grade eight. Of these, ten entered high school. These with others who had registered in former years made a total of twenty-one in high school. Owing to the removal of one to live in Manchester, and one other who gave up the work, leaves the present number at nineteen. The tuition is approximately \$100 per pupil.

One subject of work included probably in the majority of schools but not in Bedford is music. Every now and then some one asks why Bedford doesn't have it, or asks if they could have it. There is no reason, if music is desired in the schools and a sufficient appropriation is made, why the Bedford young people may not have this opportunity. It would mean a supervisor who would visit schools about twice each month for teaching. Assignments would be left with the teacher, on which pupils would work until the next visit. Graded music books would be used, adapted to various grades. The cost of about \$250 the first year would cover the supervisor's salary and the cost of books at the beginning. This supervision and teaching is done in the other districts of the union, and it is surprising how quickly and how well the young people grasp these things which will be a source of enjoyment in school days and after.

Respectfully submitted,

J. BYRON TARNEY,

Superintendent of Schools.
